Women’s Day – Financial Wellness Session at Johnson Electric Company .

In celebration of International Women’s Day, we conducted a financial wellness session for the employees of Johnson Electric Company. The program focused on budgeting, financial planning, and investment strategies, empowering women with essential skills to achieve financial independence and security.

3-Day NGO Training Program at KKID, Coimbatore

A transformative three-day training program on Community Mobilization & Engagement was conducted at KKID, Coimbatore, for NGO representatives. Key topics covered:

- **Day 1:** Understanding community mobilization, stakeholder mapping, and effective community meetings.
- **Day 2:** Leadership in community engagement, teamwork, volunteer management, and advocacy skills.
- **Day 3:** Stakeholder relationship management, conflict resolution, and documenting success stories. The training provided NGOs with practical skills to enhance their impact in community development.

Engaging with Youth: “The Power of your Words”

On 16th March, SADRE had the privilege of conducting a youth engagement program at CSI Bethlehem Church. The session centered around the powerful theme, **“The Power of Your Words”**, emphasizing the impact of our words on ourselves and those around us. Through thought-provoking discussions, interactive activities, and real-life reflections, we encouraged young minds to recognize the strength of their speech in shaping relationships, building confidence, and fostering positivity.

Celebrating Intern Success: Completion of Internship

Following that, on 22nd March, we proudly hosted a valedictory event to celebrate the successful completion of internships by three talented students from United Business School. This event was a moment of pride as we acknowledged their dedication, hard work, and valuable contributions during their time with SADRE.

As part of the ceremony, we awarded certificates of completion, recognizing their growth, learning journey, and professional development. It was an inspiring occasion that reflected our commitment to nurturing young talent, equipping them with real-world experience, and preparing them for future career success.

Consulting & Leadership Engagements

NBFC Consulting Discussion Vidiyal Micro Care Foundation: Strategic discussions on enhancing operational efficiency and financial structuring.

Meeting with New Leaf Advisory: Exploring new financial models for business sustainability.

Engagement with Shalom Foundation: Collaborating on capacity-building initiatives.

Long Term Sustainable Strategy for Vonisha: Engaging with the leadership to establish their great vision into reality through a sustainability initiative.

Our New Initiative: Fluent Futures

Strong English communication skills unlock career success! Fluent Futures is designed to help final-year students master Listening, Speaking, Reading, and Writing (LSRW) through interactive, real-world training. With flexible learning options and affordable pricing, students can enhance their skills at their own pace.

Perspectives That Matter

“As someone who believes in building purpose-led enterprises, I deeply admire how the founders turned vision into action—generating revenue from day one while staying true to their mission. Their approach to combining technology with grassroots insight is both thoughtful and scalable.

SADRE is building something meaningful. It’s the kind of work that gives me hope for the future of rural India—and I’m excited to see the ripples they create in the years to come.”
