"IMPACT IN HER WORDS"

"My month-long internship at SADRE Solutions, from February 17th to March 17th, was a truly transformative experience. It helped me bridge the gap between classroom learning and real-world application. As part of the outreach and marketing team, I took on diverse responsibilities—from campaign planning and data handling to design and direct communication—which expanded my technical and professional skills.

Working closely with the team taught me the importance of collaboration, time management, and accountability. I gained hands-on experience in email marketing and digital outreach, while also improving soft skills like communication and task coordination.

This internship didn't just teach me marketing—it empowered me with confidence and practical tools that I'll carry into my future career."

— Praisya R., Final Year B.Com Student, UIBS, Bangalore
